M/Y ZALIV III has been nominated among the finalists within the prestigious Show Boats Design Awards 2012. One of the few available 50 meters semi displacement aluminium yachts in the market with variable speed from 14 knots up to 22 knots.

The choice of a contemporary, almost minimalist design contrasting with exquisitely tasteful furniture makes ZALIV III unique and original. Materials and colours of the interiors enhance the sense of space. The top deck is fitted with a large Jacuzzi along with TV on fly.

She has been built with the most modern equipment: zero speed stabilisers, 3 large generators, special entertainment system and electrical curtains adjusted with the MAIN LUTRON MONITORING SYSTEM, special lighting, extra insulating level, blue hull and many other features.
